A clean, simple and elegant profile, which is both discreet and adaptable to any project. MURUS allows for an indirect, atmospheric, grazing, cool, and warm light. Its two lenses provide very interesting solutions that give the luminaires very different purposes, depending on which one we are using: either the extensive or the intensive. Designed to be assembled on a wall, in a way that it will make it as inconspicuous as possible, MURUS is the solution in any situation when you have no other option. It can either be used as a wall lamp or as a continuous light row.
