Lighting Special Products

SINGULAR PRODUCTS

Caelum Astricus

Caelum Astricus

We reinvent the starry skies. For years, technologies have been used that made it quite difficult and expensive to install a Starry Sky. With the CAELUM ASTRICUS system we get:

Special electric ceiling
Special electric wall
Light points

Once the ceiling or wall are installed, you can create your starry sky as you wish, whenever you want, and you can design, modify, and "install" it without the need for an installer. Likewise, it allows incorporating most of the range of embedded and surface lighting fixtures from GOOD NIGHT Lighting Special Products into the CAELUM ASTRICUS CEILING itself.

This system allows you to create and design advertising signs, billboards, etc., and it is easily modifiable by the end customer.

With CAELUM ASTRICUS, a window to the Sky (starry) opens.

Nous réinventons les ciels étoilés. Pendant des années, des technologies ont été utilisées qui rendaient chère et compliquée l'installation d'un ciel étoilé. Avec le système CAELUM ASTRICUS nous obtenons:

Plafond électrique spécial
Mur électrique spécial
Points de lumière

Une fois le plafond ou le mur installé, vous pouvez créer votre ciel étoilé comme vous le souhaitez et quand vous le souhaitez, et vous pouvez le concevoir, le modifier et "l'installer" sans avoir besoin d'un installateur. En même temps, il permet d'incorporer la plupart de la gamme de luminaires encastrés et de surface de GOOD NIGHT Lighting Special Products dans le CAELUM ASTRICUS CEILING lui-même.

Ce système permet de créer et de concevoir des panneaux publicitaires, des enseignes, etc. qui sont facilement modifiables par le client final lui-même.

Le système CAELUM ASTRICUS ouvre une fenêtre sur le Ciel (étoilé).

Conductive ceiling / wall

The electrical panel (ceiling or wall), an innovative product, offers a unique solution for conducting 12V low voltage electricity. Designed as a sandwich board, it combines XPS foam with two triple-layered conductive sheets, providing a perfect balance of conductivity and elasticity.

Its triple-layered conductive sheets ensure the right degree of pressure against contact points, optimizing performance. Explore the possibilities of Caelum Astricus for your creative lighting projects.

Le panneau électrique (plafond ou mur), un produit innovant, offre une solution unique pour la conduction de l'électricité basse tension 12 V. Conçu comme un panneau sandwich, il combine la mousse XPS avec deux feuilles conductrices à triple couche, offrant un équilibre parfait entre la conductivité et l'élasticité.

Ses feuilles conductrices à triple couche assurent le bon degré de pression sur les points de contact, optimisant ainsi les performances. Explorez les possibilités offertes par Caelum Astricus pour vos projets d'éclairage créatifs.

Electric panel

Pining stars

Feeding cable and jumper cable

Electric panel

Special non-conductive epoxy screws

Power Max	Sizes (LxW)	Thickness	Weight	Fire Class
150W-12V	2500x1200mm ^{*1}	22mm ^{*2}	6.5 kg/m ²	Bs1d0 / 960°C

^{*1} Tolerance (+/- 5mm)
^{*2} Tolerance (+/- 1mm)

Stars

Magic. Complete freedom. The stars can be manually pinned on any position in the ceiling / wall on site, without using any tools

La magie. Liberté totale. Les étoiles peuvent être fixées manuellement dans n'importe quelle position sur le plafond/mur in situ, sans aucun outil.

Stars **Beam: 120°**

Standard Star Ø45x3mm
Waterproof Star Ø45x5mm

GOOD NIGHT

Good Night Lighting Special Products is the result of a passion for light, of a deep knowledge about lighting and a long experience in lights. It comes with the intention to bring good light to all areas, to make them more pleasant and appealing, by adapting to their particular needs and making lighting synonymous with beauty and atmosphere.

We understand our products as quality lighting solutions based on technology, design and awareness of light that only experience can provide. Our lights are carefully selected to meet the requirements that allow us to fulfill our commitment in terms of comfort, quality and guarantee
